WASHINGTON, D. C., DECEMBER 7, 1917

FIVE CENTS

AMENDMENT TO CONSTITUTION OF COUNCIL

Meetings to Be Held First Tuesday and Third Thursday of Each Month.

TWO VACANCIES.

Campaign For Sale of Basket Ball Tickets To Be Started.

A quantity of miscellaneous business was transacted at the last two Student Council meetings, both held since the last edition of the Hatchet. At the first meeting, held on November 27, provision was made for the nomination of new members to the Council from the Engineering School and the School of Graduate Studies, left vacant by the resignation of William S. Hance and Elmer Kayser. Mr. Kayser's resignation having been accepted at this meeting, although he was urged to try to find the time to continue as a member. Plans for the election of the new members were devised at the meeting on December 4.

The constitution of the Council was amended at the meeting on November 27, so as to provide for the holding of meetings on the first Tuesday and the third Thursday of each month. All nights of the week were considered, and the above were decided upon as the most convenient for the majority.

Carl Van Wagoner, of the Law School, was appointed by the president to act as secretary and treasurer in Mr. Kayser's place until a new one should be elected, which will probably be at the next meeting, on the twentieth of this month. Einar W. Dieserud, also of the Law School, was selected to fill a vacancy on the executive committee.

Eugene Underwood, chairman of the Student Council Dance Committee, reported that there was a profit of \$54.25 made on the dance held on November 24, and Charles R. Allen, basketball manager, made a report on basketball conditions, urging a campaign for the sale of tickets.

Nominations of two candidates each from the School of Engineering and the School of Graduate Studies were made by the Student Council at its meeting Tuesday night of this week. These nominations must be approved by the Faculty Committee on Student Activities before they can be voted on, and the names will be made public as soon as they are approved. Alternates were chosen, so as to provide another nominee in case any of the principals are rejected.

Although this election is smaller than the last one it is to be advertised more extensively, for the Council felt that the lack of interest shown in the last one was due to the fact that it was held on such short notice, and with very little advertising. Notices naming the candidates will be placed on the bulletin boards, and the students will be given a week to think them over, for voting will not begin until next Friday, with the issue of the Hatchet, which will contain a ballot.

Victor Kebler, of Columbian College, and Joseph Krieselmann, of the Medical School, were appointed as the election committee, with Mr. Kebler as chairman. They have complete supervision of the election, and any inquiries should be directed to them.

The basketball season opens next week, with a practice game with Business High School on Wednesday and with a league game with Gallaudet at the Y. M. C. A. on Saturday. Charles R. Allen, manager, urges that all who have not yet bought their season tickets buy them now. They are well distributed among salesmen in the various departments, and can be had for ninety-nine cents.

Mr. Allen is very anxious to have a large number of tickets sold, for it will give him much needed funds to work on, and will prevent the use of the guarantee fund subscribed by the students. He asked the Student Council to appoint a committee of girls to arouse interest in the sale of the tickets, and Miss Martha McGrew was appointed to act as chairman, and to select her own assistants.

COUNCIL DANCE A FINANCIAL SUCCESS

Social Success As Well—Large Crowd in Attendance—Basket Ball Talk Given During Intermission.

That the Student Council dance, given Saturday night, November 24, was a financial success is clearly indicated by the fact that a profit of \$54.25 was made. The amount cleared, which is to be used for the reduction of last year's athletic deficit, is highly gratifying to the Student Council. The success of this first dance will warrant the Council in giving the remainder of the series later in the year, and they are hoping to knock such a hole in the deficit that it will be practically nothing.

During intermission, in place of refreshments that are usually served, the students were given an opportunity to learn something of the basketball situation and listened to an appeal for more student support in the talk given by Coach Groesbeck. It was more than an ordinary talk from an athletic coach, however, as Groesbeck took his degree from the University last year, has played on the Varsity team for several years, was last year's captain and has many friends among the student body.

There was a large crowd of students and outsiders at the dance, and the greatest informality prevailed, only two men being in dress clothes.

That the dance was a success socially, as well as financially, is proven by the remarks of all attending, who declared that they had one "large" time. The programs were not elaborate, as it was the desire of those in charge to give the students a maximum of enjoyment on a minimum of money expended. Snappy music was furnished by Grimes. The success of the dance is largely due to Eugene Underwood, who made all the arrangements.

Keep in mind the dates of the remainder of the series. The next will be given on March 1, just after the dreaded midyears; the third will be April 6, just after Lent, and the last May 3, just before we commence the grind for the finals.

All of the remaining dances will be given in the same ballroom at the same price, and a good time is promised all who attend.

PAN-HELLENIC DANCE TOMORROW NIGHT

All the sororities have sold their allotment of twenty-five tickets and the arrangements have all been completed for the Pan-Hellenic dance, which will be held tomorrow night at the Cairo. This music, consisting of four pieces from the Ebbitt, will begin playing for the first dance at 8:30 sharp, and the dancing will continue until 12 o'clock when refreshments will be served.

As this dance is given for the benefit of the soldiers' chocolate fund there will be nothing elaborate in the way of programs, but the committee in charge has had printed some very attractive times of buff and blue, the school colors, with the George Washington seal on the cover.

The members of the Pan-Hellenic Association will act in the capacity of floor committee and will see that everything goes smoothly and will insure the affair being a success.

The chaperones have been invited and are as follows: President and Mrs. Stockton, Dean and Mrs. Wilbur, Dean and Mrs. Reudiger and Dean and Mrs. Hodgkins.

Due to the desire of those in charge of the dance to avoid crowding the ballroom there will be no tickets sold at the door, and only those who have been fortunate enough to buy their tickets already will be able to attend.

All Seniors, class officers and sorority girls are urged to have their Cherry Tree pictures taken at once. Do not wait until the last minute.

FIRST BASKET BALL GAME DECEMBER 15

Management Urges Students to Buy Season Tickets to Support Team

FIFTEEN ON THE SQUAD

The G. W. U. Basketball team will play its first league game of the season with Gallaudet on Saturday, December 15, at the Y. M. C. A. Gymnasium. It will also be the initial game of the Intercollegiate league of Washington. If you want to see this game and you want to see G. W. U. win it, the management suggests that you buy your \$9.99 season ticket before December 8, because they assure you that they can put out a winning team if they have the proper funds. If they haven't, no matter how hard the men and the management work, the team will not be successful.

Tickets may be purchased from any of the following people: Martha McGrew, Gertrude Walter, Ross White, Elmer Kayser, Alvin Biggs, Victor Kebler, Eugene Underwood, James Hornaday, and Robert Paris.

Charles Allen, the student manager, says: "The management would urge the sale of 200 tickets by December 8, that is all, and with that much accomplished, the rest will be easy. Think of it, the students will pay only 99 cents a ticket for a season ticket."

I mean every word I say, if there is any likely element of basket ball energy in a man Coach Groesbeck will bring it out. The amount necessary to clothe, house, and run the team for the entire season is 180 dollars. The management is willing to do its share, but it can't work without an energetic student body behind it; but once the old pep is in evidence, there is nothing that will stop us."

Some of the students who subscribed to the guarantee fund seem to feel that they should receive their season tickets free, but why should they? They have not been called upon to pay any of the money that was promised and never will be if enough tickets are sold to cover the expenses of the team. This guarantee fund cannot be touched unless there is a deficit. For this reason the management started to put a team on the floor without a cent and are still working with the hope that they will have sufficient money from the sale of tickets to run the team. Sufficient money means \$18.80 or the sale of 200 tickets, and there will be no need for any of the students who have subscribed to the guarantee fund to pay up their subscriptions. There was no previous arrangement that the subscribers to a guarantee fund would receive basket ball tickets; they subscribed purely out of school spirit in the desire to have a winning basket ball team this year and they knew that their subscriptions were to cover any deficit which might occur after the basket ball season was over.

About fifteen men will be carried until just before the first game, when a team will be chosen. The backfield is considered very strong, and although there are fewer forwards, the coach said they "have steam" and can shoot and are fast rounding into the fast passing game."

About 24 men have been out for practice, but never more than seventeen at a time. Picking the team does not mean that the other men will be discarded, for the team needs them all to make it a star team for the buff and blue.

These men are now out for practices: W. H. Bertenshaw, C. M. Boeller, A. Kaufman, C. R. Witt, D. B. Herron, L. Erdall, E. A. Lansche, H. H. Wilson, A. B. Roberts, Paul Kelley, F. Heist, B. Hodgkins, T. Bingley, Ross White, R. W. Hansen.

IMPROVEMENTS MADE DURING HOLIDAYS

Congestion in A. and S. Halls Is Relieved by Larger Doors

NEW HATCHET OFFICE

Congested conditions in the halls of the Arts and Sciences Department are being relieved. During the Thanksgiving recess workmen tore out the old doorways which lead to the stairs and constructed wide arches in their places. They also painted and fitted the room on the first floor of 2027 G-street, which is the new Hatchet office.

Work toward relieving the congested halls is being continued, and by the time a new door is cut through the office next the library, making two entrances to the main building, conditions will be much better. The changes not only give more room, but greatly improve the looks of the building inside by giving it a more spacious and heavier look.

The new Hatchet office has been found a great improvement by both the Cherry Tree staff, which now has the old office all to themselves, and the Hatchet staff. The new office is larger and there is much more room for filing Hatchets of past years. This office can be entered only from the back door of 2027, that is via the campus. The door leading into the building from the office will be locked to avoid interference of classes in the other rooms of the first floor.

DEC. 19 DATE OF PLAYERS PRODUCTION

May Be Given in Columbian College Chapel—Tickets to Be 50 and 25 Cents

When the clock strikes eight on the evening of Wednesday, December 19, a multitude of students of George Washington University will see the rising of the curtain on the first production of the G. W. U. Players of this year: "All-of-a-Sudden Peggy," by Ernest Denny, will be produced at that time.

The cast was selected at try-outs some four weeks ago and ever since that time has been working hard and with a moderate degree of faithfulness. Miss Ada Howell, of last year's fame, is the leading female character, and W. Cameron Burton, a Freshman from Eastern High, has the leading male role. Miss Phoebe Gates, prominent from the cast of "A Night Off" of last year, is playing Lady Crackenthorpe, mother of Clarence Freark, as Lord Crackenthorpe, and Cam Burton as Jimmy. Miss Rachel Benfer has the task of being a typical Irish widow, and has Miss Howell as Peggy, for a daughter. Rehearsals have been held with great frequency and all indications point to a very successful rendering of a most interesting and witty play.

It is the hope of the management to give the play in the chapel of Columbian College, but at the present time the Story Tellers' League has a previous option on that room. Because of the fact, however, that their meeting can be held in some other room and that the play can be given in no other room of the University it is expected that the league will yield their privilege to the players.

Tickets will shortly be put on sale in the different branches of the University, especially Law, medical and Columbian College. The seats in the first five rows will sell for 50 cents each and the remainder will sell for 25 cents. The tickets will be numerous. (Continued on Page 2.)

ADVISE ENGINEERS TO WAIT FOR DRAFT

Technical Students Should Not Enlist Now, Says Secretary Baker

CHANCES JUST AS GREAT IN DRAFT

Colleges Will Give Students Letters Telling of Training—News Relieves Many Anxious Engineers.

Technical students of draft age are urged not to enlist, but wait for the draft, in a telegram sent by Hollis Godfrey, Chairman of the Committee on Engineering and Education of the Council of National Defense, to President Charles Herbert Stockton.

According to this telegram, the Secretary of War has authorized the statement that the drafted technical students will be placed in specialized ranks of the army where their specialized training will be used, and that such students will be afforded as great opportunity through the draft as if they enlisted now.

The technical students are advised to secure a letter from the president of their various universities stating their special technical qualifications and send that letter in with the questionnaire that will be soon distributed with them such a letter.

The telegram was as follows: "Have just been authorized by the Secretary

of War to request you to inform all your technical students that if they wait until drafted, they can upon summons to draft camp take with them letter from you stating their special qualifications, such letter to be filed with occupational census questionnaire of the War Department under authority of this authorized telegram. Secretary of War also authorizes me to say that every effort will be made to use each student's special training in connection with the specialized occupations in the army so as to afford technical students of draft age as great an opportunity through the draft as if they enlisted now."—Hollis Godfrey.

This telegram came as welcome news to many students of engineering who were undecided whether or not to enlist in the branch of the army of their own choosing before December 15, when voluntary enlistments of men of draft age will be no longer possible.

Dean Howard L. Hodgkins of the College of Engineering, who will issue the required letters to students of the George Washington University, said that several students who have enlisted in the past few days and who have sacrificed college work and important departmental government positions to get in the service before the draft would not have done so if they had had the assurances of the telegram earlier.

In a recent issue of the Engineering News-Record it was shown that there was a drop of over 40 per cent in the enrollment in the Junior and Senior years of the engineering colleges of the country this year on account of the war and the draft, and it is thought that such conditions caused such action by the Secretary of War. Editorially this and similar technical journals have declared that it is just as logical to give deferred exemptions to engineering students as to medical students.

OVER FIFTY DOLLARS FOR ORPHANS XMAS

The appeal for Christmas presents for our little French orphans has been generously answered, and the money collected has been sent to the mother of the children by Prof. George Neely Henning. The \$20 that was asked for has been far exceeded, and the orphans will receive \$51.49 to gladden their hearts on Christmas. This money was collected from the French and Spanish classes, the Faculty and individuals who opened their hearts and purses to the little French children. The French and Spanish classes contributed \$42.49 and the Faculty and individual subscriptions amount to \$9.

PHONES: MAIN 2416 - 2417 - 2418

900 FOURTEENTH STREET N. W. WASHINGTON D. C.

JANUARY 5 DATE OF
GIRLS' TRACK MEET

The Girl's Track Meet plans, which have been changing continuously, have been finally made definite and arrangements for the events are going forward steadily. The meet will be held at the Y. M. C. A. building on the night of January 5, 1918, and the first event will begin at 8 o'clock sharp.

As this is the first meet of its kind ever held in the University and as there are a number of good events planned, the girls should take a great interest both in entering for the different events and as spectators to cheer their friends on.

There are to be eleven events as follows: 50-yard dash (Freshman special), 100-yard dash, Grizzly race, high jump, Fraternity relay, 50-yard dash, (free for all), Obstacle race, Basket ball, distance throw, broad jump, Interclass relay, and Freshman special relay (free for all).

There will be a 10-cent entry fee for each event and 25 cents will be the price of admission.

There is an entry blank on the last page of this issue. These blanks should be cut out and filled out immediately by those wishing to enter any event and given to either of the following girls: Ella Gardner, Elizabeth Davis, Anna Mitchell, Marie O'Dea or Verz Goddard. There has been no date set, as yet, for the closing of the entries, but the committee in charge have expressed the hope that all desiring to participate will lose no time in filling out the blanks and sending them in.

FRESHMAN PROM TO
BE HELD FEB. 8

February 8, the first Friday after the midyear examinations, was decided upon as the date of the Freshman Prom. At the meeting of the executive committee, which consists of the presidents of the Freshman classes of all departments, on Monday evening, November 26, Elmer Kayser, chairman of the Student Council Committee on Social Affairs, presided. Committees were appointed and it was decided that tickets would be sold at the usual price of \$2.50.

The committee on hall and refreshments consists of Mr. Quinn, chairman; Mr. Van Waggoner, Mr. Pennybaker, Miss Ronhlt. Because of the unusual conditions presented by the war and the fact that the Raleigh ballroom cannot be obtained this year it is still undecided where the Prom will be held. Rauchers has been suggested, but the committee feels that it may not be large enough to accommodate the usual crowds that attend the Fresh. Prom., one of the biggest events of the school year.

The committee on programs and printing is Mr. Macklin, chairman; Miss Warren, Mr. Nolte; and the committee on music is Mr. Swem, chairman; Mr. Young and Mr. Boteler.

The chairman on financing the prom. is Mr. Styron. The members of his committee are the Presidents of the Freshman classes of the Dental, Veterinary and Pharmacy departments, and Mr. English, Mr. Tanner and Mr. Wachter. All expenditures connected with the prom. must be O. K'd by the chairman of the Council Committee on Social Affairs or the graduate manager on student activities. The chairman of the Council Committee on Social Affairs is an ex-officio member of every committee, and Mr. Gordon C. Tibbitts, President of the Freshman class of the College of Engineering, is the Executive Chairman.

PROF. HARRIS LEC-
TURES TO ARCHITECTS

Prof. Harris lectured on "Sewage Disposal" at the meeting of the Architectural Society, held last Tuesday night in Room 41 of the A. and S. building. The club will go to Baltimore on Sunday, December 9, to inspect the system of sewage disposal that is used there.

Several members of the Architectural Club entered the first competition of the Society of Beaux Arts Architects. Those submitting drawings for the plan problem, "A Small Dairy," were Messrs. Conboye, Lee and Gauger. Those taking the order problem, "A Covered Driveway," were Messrs. Conboye, Creighton, Bradley and Muck. Although the problems were judged in New York on November 26 it is not yet known here how many of the George Washington boys obtained mentions on their work.

An architectural magazine has been awarded to the architect who submitted the best poster to the club in the recent competition in making posters to announce the meetings of the society.

A committee was appointed to arrange for a dance which is to be held during the Christmas holidays.

Personals
PHARMACY.

At a meeting of the Senior Class last Tuesday it was decided to adopt graduation rings, with the seal of the University thereon. Mr. Ellis Glyofriedes was delegated to handle the bids for the rings.

The scarcity of coal almost made itself felt at the College. When one of the students made so bold as to suggest to the janitor that more heat should be forthcoming, the janitor observed that were no coal to be obtained by the morning, a coalless condition would exist. The coal was forthcoming from sources unknown.

The number of students at the College will be materially increased at the beginning of next semester. The "flunkers" expect to return them.

VETERINARY SCHOOL.

The Veterinary Medical Association held its regular meeting last Saturday evening, instead of the first Saturday in December, due to Thanksgiving holidays interfering.

The students at the Veterinary College have taken advantage of the military clinics held at Mt. Ida, Va., and at Ft. Myer Sunday mornings, especially when those who cannot attend during the week days make use of the opportunity.

The Senior Class last Sunday morning presented Lieutenant Nelson Moffat, V. R. C., Twelfth F. A., with a military traveling kit as a token in appreciation of his interest and efforts in furnishing them clinics at Mt. Ida, Va.

Half of the Senior Class attended a clinic at Bethesda, Md., the Department of Agriculture equipment station. Dr. R. Kelser of the department was in charge and demonstrated the lessons of black leg and how the specific vaccine was prepared.

LAW SCHOOL NOTES.

"Steve" Brodie, '18, has left school and has entered the Aviation Section of the army.

Johns, '18, who left school in the early spring to attend the first camp at Fort Meyer, was seen around Washington in the uniform of a Captain of the heavy artillery.

Einar Dieserud, Secretary of the Legal Aid Society, has just posted a list of members of the Legal Aid and the nights on which they are to be at the law school for duty.

The Thanksgiving holidays have been much appreciated by the members of the Senior Class. Not only have they had a rest from their ordinary assignments, but they have been afforded an opportunity to prepare their work in connection with the Moot Court.

The now famous case of United States vs. Turpin will again be on the docket in Court No. 3, Moot Court of the George Washington University. Was it not in this case that one of the witnesses testified that the town of Rockville, State of Maryland, was inhabited by 8,000 people? "The Great" Arber is to take the stand on Wednesday.

Donald D. Shepard was recently elected editor of the Senior Class.

D. Davidson, '18, who left school at the beginning of the present term, has just received a commission in the Aviation Corps of the army.

The following men have been elected officers of the Junior Law Class: President, Joseph R. Schaaff; Vice-President, William Humphrey Sydenham; Secretary-Treasurer, William Allen; Editor, Miss Newsome.

MEDICAL SCHOOL.

The Freshmen Medics held a dance at the Chevy Chase Library Wednesday night, November 28, 1917. A large number from all classes in the Medical School attended. The affair was chaperoned by Dr. and Mrs. Carl Davis, Dr. and Mrs. Molzahn and Dr. and Mrs. O. B. Hunter. Music was furnished by "Jolly Jimmies Jazz Band." There were no casualties.

When it comes to this "upper-lip" campaign, the Medics will back Ramsey against any man in Columbian College.

Owing to a nervous breakdown, Dr. Molzahn, associate professor of Anatomy and Histology, has been compelled to give up his duties at the Medical School. The school greatly regrets losing Dr. Molzahn, even temporarily, and wishes him a speedy recovery.

J. Klemme, '20, spent the Thanksgiving holidays in Reading, Pa. His opinion of the town corroborates "Jack" Zerbe's description.

Vall, '20, spent the holidays at a house party in Baltimore. He came back one day late.

Wm. Marshall Bland has returned from a hunting trip in Virginia.

COLUMBIAN COLLEGE.

Columbian College needs more men on the basket ball squad. Join now before it is too late.

A bomb, consisting of a paper cup filled with water, dropped from the upper window of 2023 G Street upon a luckless Freshman's head the other day. Rumor has it that the Sophs are starting in to get revenge.

Graeme Smallwood studies (?) quite industrially at the Library of Congress these cold winter nights.

Somehow or other the Freshman girls outnumbered the upper-class girls at the recent Student Council dance and the G. W. U. girls were quite outnumbered by outside girls. Why?

George Nordlinger wishes to state that his pink tie is up for sale after Saturday. It will go to the highest bidder.

Norman Stockett, F. Walter and R. Gessford have all left college to enlist.

Graeme Smallwood, Vic. Kebler, "Hist" Adams, "Bad Bill" Lane, "Yokomi Ernest" and Gene Underwood have all been elected to the honorable and ancient order of "Tea Hounds."

COLLEGE OF ENGINEERING.

Spencer B. Michael, E. E. '19, has enlisted in the electrical division of the Ordnance Corps and is now in training at Rock Island, Ill.

Frank Gartside, C. E. '19, was detailed to Fort McHenry over the holidays to work on the plans of the Francis Scott Key memorial.

It is remarkable to note how many people have discovered relatives in Baltimore lately.

C. M. Funkhouser, C. E. '20, has enlisted as a civil engineer in the Ordnance Corps.

ICE CREAM MAKING
EXPLAINED TO
CHEMISTS

The trip of inspection made by the Chemical Society to Chapin Sack's ice cream plant proved to be most interesting as well as instructive. The system is a good illustration of the adaptation of scientific principles to industrial methods. Low temperatures, the system at this plant, are obtained by direct expansion of ammonia, this being the fundamental principle upon which the methods are based. Interesting mechanical methods were also inspected as well as some of their methods of economy in particular, that of energy.

The society will hold its next meeting Wednesday evening, November 12, at the Medical building at 8 o'clock. A paper in "Coal Tar and Its Products" will be given by W. A. Gersdorff. This paper is the first of a series to be given on subjects of particular interest to students of chemistry. All are cordially invited.

ENGINEERS MEET
MONDAY, DEC. 10

The next meeting of the Engineering Society, to take place next Monday, December 10, in the Assembly Hall, promises to be one of the most interesting held this year. There will be three student speakers: R. L. Harsch will give an illustrated talk on "Concrete Slab Testing" and "Drainage Investigations;" J. Spalding on the "Manufacture of Munitions," and J. Lenovitz will give a digest of the book, "How to Study," by G. E. Swain of Harvard. There will probably be a speaker from the Bureau of Standards. Luncheon will be served as usual.

The executive committee is planning several trips to nearby power plants and also to the Bureau of Standards.

Prospective members are urged to join the society before January 1, as dues are advanced after that date.

(Continued From Page 1.)

bered and reserved so that a seat is assured to every man who buys a ticket. The purpose in charging admission is merely to meet the necessary expenses of the production of the play, since there is a royalty of \$25 on it, and some expense will be entailed by the costumes, properties, scenery, etc.

ART SOCIETY ELECTS OFFICERS.

The Art Society held the first meeting of the year Tuesday night and elected officers. President, Mr. Smith; Vice-President, Phoebe Gates; Secretary-Treasurer, Leonila Lloyd. The next meeting will be held Tuesday night, December 11, to do work on the cherry tree. A poster will be on the bulletin board designating the time and place of the meeting. Any organization desiring posters should notify members of the Art Society, for they will be glad to do the work.

WITH THE GREEKS

KAPPA ALPHA.

Bro. Julius Willarde, from Georgia Tech., who is now at Shadman's Army and Navy "Prep," was a recent visitor at the house.

The majority of the Kappa Alphas spent Thanksgiving out of town.

Kappa Alpha announces the pledging of Messrs. Hazelbush and Wilson, from Columbian College.

The Xmas dance is scheduled for December 27.

KAPPA SIGMA.

Ensign Beck of Cornell, who is in training at Annapolis, was a visitor at the chapter house last week.

Bro. Zack Dowling of Alabama has entered the Columbian College and has been affiliated with the local chapter.

A very enjoyable Thanksgiving dance was held at the house on Wednesday, November 28, and a number of Alumni were present.

Bro. Herbert H. Shinnick joined the ranks of the benedicts last Saturday, the lady of his choice being Miss Margaret L. Knight. Bro. Shinnick expects to sail for France next week.

Bro. Douglas Reid has enlisted in the Aviation Corps and will leave for training camp shortly.

THETA DELTA CHI.

Pete Chamberlin, '16, has left the Aviation School at Georgia Tech. for France.

Leonard E. Stapleton, Sigma Deut., '12, and I. A. Chapman, Pi Deut., '14, are now staying at the house.

Earl Jeffery Law, '17, has received a commission as Captain in the Coast Artillery Corps Reserves, and will go shortly to Ft. Howard.

About twenty-five couples attended the Thanksgiving dance held at the house on Wednesday night, the 28th, and all attending voted the affair a huge success.

SIGMA NU.

Lieutenant Fred L. Pierce of Delta Beta Chapter dropped in to see the bunch last week.

We were pleased to have Lieutenant W. R. Snyder of Gamma Alpha Chapter with us Sunday.

Rodger D. Gessford, who recently returned from the military, was here on campus, Ohio.

It is expected that Bro. Ralph J. Sterling will be with us a while longer. He recently received a commission in the Ordnance Corps and was detailed to Chicago. The card-party that was to be given in his honor has not been called off.

SIGMA CHI.

The Thanksgiving dance was held at the Chapter House on Thanksgiving Eve. Snappy music and unusual refreshments, consisting of luscious pumpkin pie and coffee, made the evening a great success, as witnessed by the fact that the party did not break up until 1:30.

Bro. Logan Morris Law, '17, was recently commissioned as a First Lieutenant at Fort Myer. He is now taking a flying trip to his home in Salt Lake City, whence he will soon return to his post of duty, Camp Meade.

Bro. Bill Jackson, C. C. '19, recently received a commission as Second Lieutenant in the artillery and leaves shortly for France. He is spending the intervening days at the house.

Bro. Bill Morrel, recently initiated, has been ordered to report for sea duty in the very near future.

Bro. George Nielsen, recently initiated, has heard the call of Uncle Sam and enlisted in the Naval Reserve. He will be stationed for the time being in this city.

ALPHA KAPPA KAPPA.

Alpha Kappa Kappa Fraternity announces the pledging of the following men: Messrs. Dazey and Freedland of the Sophomore Class and Messrs. Davis, Fletcher and Macklin of the Freshman Class.

The Christmas dance this year will be held at the home of Hazen Harry Wilson, December 8.

KAPPA PSI.

Bro. Furman, Baltimore Delta, spent the holidays with this chapter.

Bros. Pitt and Williamson were in Philadelphia "on pleasure bent." They are back in time.

Bro. "Jack" Zerbe spent the holiday in Lynchburg, Va., and other nearby points.

The chapter is in receipt of a letter from Bro. P. N. Vestal "in France." He saw no "subs," airplanes, or stray torpedoes. He reports Bro. Reed as ill from vaccines, and seasickness.

Bro. H. H. Montgomery, '16, Lieutenant U. S. A. Fed. Corps, is now stationed at the Great Lakes Naval Training Station.

PHI CHI.

Phi Chi gave a dance at Terrace Inn Friday, November 30, to the initiates.

Bros. Lieut. Mueller and Lieut. Satterlee have been detailed to the naval school here and are living at the Phi Chi house.

Bro. Joel Tilton has been detailed with Dr. Gwilyn Davis of Philadelphia on Orthopedic Surgery.

Bros. Hollingsworth and King spent the week-end at Fairfax, Va.

Bro. Beechly spent Thanksgiving at home in Maryland.

Bro. Dr. Otis, who is an interne in the Chelsea Hospital of Boston, was in town Monday, November 26, on Government business.

Bro. Bowen spent Thanksgiving on a hunting trip in Virginia.

DELTA TAU DELTA.

Delta Tau Delta will hold its initiation Friday and Saturday of this week. Nine men will be initiated.

The Delta's Thanksgiving dance was given on the first of December at the chapter house, about fifty couples attending. This dance was given to the initiates.

Bro. John Linder has graduated from ground school at Princeton and is now taking the course in flying school.

Bro. Revis has been commissioned a second lieutenant in the Infantry.

Bro. Deane Howard has received a commission as Lieutenant in the cavalry and is detailed at Leavenworth.

Three other members of the active chapter have entered the enlisted service. They are George Daignan and Fred Showmaker, who have enlisted in the Ordnance section of the Army, and Joseph Schaaff, who has been enrolled as chief yeoman in the Navy.

SIGMA PHI EPSILON.

The annual Thanksgiving dance was held at the Chapter House Wednesday night, November 28.

Bro. Myers of Coast Artillery visited the house last week.

Sigma Phi Epsilon is pleased to announce the pledging of Mr. J. Lapish, Architecture, '21.

PHI ALPHA.

In honor of those members who enlisted their services at the nation's call to the colors, the Phi Alpha Fraternity on Saturday evening, December 1, tendered a Thanksgiving dance, which was held at the fraternity house.

Refreshments were served and all present enjoyed the delightful and pleasant entertainment. The evening's affair came to a close with the singing of "The Star-Spangled Banner."

Maurice Herzmark is at present actively engaged in the reorganization of the George Washington University orchestra.

PHI MU.

Miss Ruth Moses, Phi Chapter, University of Texas, who affiliated with the local chapter this year, will be married December 15 to Mr. Thomas O. King of Texas.

SIGMA KAPPA.

Miss Margaret Haines visited Washington for the Thanksgiving holidays. A party was held in the frat rooms for her on the evening of Friday, November 30.

Zeta Chapter announces the pledging of Miss Mildred Bennet of Class of '20.

Miss Mary Newcomb visited in Richmond, Va., for Thanksgiving.

Mrs. Nell Endows is improving after her operation at Episcopal Eye, Ear and Throat Hospital.

Miss Marion Brooks was home for the Thanksgiving holidays.

Miss Eleanor Ernschaw has accepted a permanent position with the Bureau of War Risk Insurance, Treasury Department.

PHI MU.

Phi Mu received at a tea for the faculty and the sororities to meet Miss Nellie S. Hart, National President, on Saturday, November 22.

The local chapter gave their Thanksgiving dance at the College Women's Club on Thanksgiving night.

The engagement has been announced of Miss Shirley Henderson, Beta Chapter, who has for several years been affiliated with the local chapter, to Mr. Walter Syme of New York.

The purchase of Liberty Bonds by the Phi Mu Fraternity at the time word was received had passed the \$1,500 mark.

Phi Mu held an informal chapter dance Friday, November 23, at the home of Miss Fay Pierce.

CHI OMEGA.

The Chi Omegas entertained at a buffet supper in the rooms Friday evening, November 23.

Mrs. Eva Hamlin entertained the Chi Omegas at a tea at her home on Fairmont Street Saturday, December 1, from 3 until 7.

FRIDAY, DECEMBER 7, 1917.

W. S. S.

War Saving Stamps and Thrift Certificates were put on sale in the District for the first time last Monday. They can be bought at the postoffice, all branch offices and banks, and will soon be put on sale in theater lobbies, railway ticket offices and stores. Of the two billion dollars that is to be raised in the country by this method over seven million has been allotted to the District.

The raising of money to pay the expenses of this present war in this way is one more chance that the Government is giving to the people to show their patriotism. It is another chance to help our men who are on the fighting line in Europe or who are training here to go into action in the future. There are very few people who cannot participate in this patriotic movement.

It is not similar to the two Liberty Loans, as they appealed only to those who could afford to loan \$50, while one can buy a U. S. Thrift Stamp for 25 cents and a War Savings Stamp for five years.

This lending the government less than \$5 may seem an insignificant thing to the individual, but if many subscribe to this loan the total amount will be large, and there could be no worthier use of your money than helping to win this war.

You people of G. W. U. do your share, as you have no doubt been doing every time the chance has been given to you. The medical students bought a bond in the second Liberty Loan, and if a census were taken it would probably bring to light the fact that many of the students have bought bonds as individuals. If you have aided by subscribing to the Liberty Loans, do your bit again by buying liberally of the stamps and certificates. And if you haven't participated in the two great loans, go today and get your first certificate. And when you have bought your certificates or stamps pass the word on to others, so they may do their share in raising money for the war, at the same time saving it at interest for future days.

GET YOUR TICKET

One week from tomorrow night the Intercollegiate Basketball League will begin the season with two games at the Y. M. C. A. Gym. The G. W. U. quint will play its first game that night.

On that night the students of the University will have their first chance to see their team in action.

Are you going to be there to cheer your men on? The coach and men have put in many hours of hard work so that you can be represented by a team worthy of your support. Are you going to give that support?

Between now and December 15 there should be over 200 tickets for the games bought by the students. The price, 50 cents, is ridiculously cheap, and every one should be able to buy one. These tickets are for sale in every department, so that there should be no difficulty in obtaining them.

The team this year has encountered unusual difficulty in getting organized, due to unusual conditions. It should not have to work under financial difficulty, as it will if the necessary number of tickets is not sold. You will not be asked to support any other athletic organization, as the track meet will not be held and there has been no football team.

If you do not buy a season ticket for 95 cents the price of admission to the individual games will be a great deal larger. Get your ticket and be at the Y. M. C. A. to cheer your team on to victory on the night of the first game. Don't forget December 15.

"OVER THERE"

A letter was received recently from George S. Cooper, Columbian College, '18, who received a commission in the Coast Artillery Corps at the first camp at Fortres Monroe and who is now "somewhere in France." Part of the letter is as follows: "I am in France with a vengeance. We had a three weeks' trip on the boat and stopped at Halifax before leaving the Northern Hemisphere. We landed at Liverpool and stayed there a day and then went to Southampton, where we trained for a while. We landed at Havre early one morning and then our crowd were split into three sections. One went to the Heavy Artillery School, to which I am now assigned; another to the trench mortars, and another to the trench mortars. Well, I landed at this camp and was certainly pleasantly surprised. We are in nice, warm, brick barracks, running water, orderlies to make our beds, shine our shoes and build fires. We have wonderful meals for five francs (98 cents a day). Wine is cheaper than water here and no limit to its quantity. There are several large cities near here and we have Saturday afternoon and Sunday off. I am at present assigned to the translation staff, but have to attend all gun drills and lectures. One thing that is making the stay of the American officers particularly pleasant is the way in which the officers of the French army have looked out for our entertainment. Give my best to all I know.

LT. GEORGE S. COOPER,
C. A. C., U. S. R.,
Heavy Artillery School, A. E. F.

Mr. Sol. Gluck, president of the George Washington University Players last year, who sailed the latter part of October with a contingency of the Aviation Corps, is, according to reports, still dramatically inclined and entertained the men aboard ship during the trip over with his dramatic presentations.

Sergeant Paul Vestal, who is now in France with the Medical Corps, in a letter just received, describes his trip across as "enjoyable, exciting, and entirely enjoyable." "I did not find the trip over entirely enjoyable, due to seasickness, but recovered as soon as he reached land.

GO TO SCHOOL OR JOIN THE ARMY?

Here are the opinions of the leading men of the country in reply to a letter from Professor Temple of the University of Kansas on the duty of the young man who is under the military service age. Should he continue his college work or go immediately into some branch of the service?

Woodrow Wilson, President of the United States: Those who fall below the age of the selective conscription and who do not enlist may feel that by pursuing their courses with earnestness and diligence, they are preparing themselves for valuable service to the nation.

Brigadier General Henry T. Allen: I do not hesitate in believing that their interests, as well as those of the government, are best promoted by renewal of their scholastic work.

Secretary Baker: It seems quite clear that in the present state of the emergency their major usefulness lies in remaining in college.

Secretary Daniels: Until their services are needed by the army and navy it is my conviction that young men under 21 who are pursuing their studies should not feel any compulsion to enlist.

Major General Goethals: It is the wise, course for our young men to continue at college. Of course, while pursuing their studies they should take such military training as may be available.

Samuel Gompers: Young men who are not in immediate military service owe it to themselves and to their future usefulness to the world to take advantage of every educational opportunity.

Herbert Hoover: In national service it should be the ideal of every young man to so prepare himself as to give the maximum amount of service.

WANTED: PRIZEFIGHTERS, CANNIBALS AND SPORTS.

Cannibals, prizefighters and sports are needed for the production of "The Admiral Bashford" by the Drama League Players of Washington at Polk's Theatre on December 10 and 11. The producers hope that G. W. U. students may be secured for these parts.

"The Admiral Bashford" is one of Bernard Shaw's plays. At the same time another of Mr. Shaw's plays, "Augustus Does His Bit," will be presented in America for the first time.

EXCHANGES

The Universities of Oregon and Washington have put into effect the system of a four-term year. The first term began October 1 and will finish December 21. This will permit those students who are called in the second draft to get credit for the entire term. The U. of Kansas is also considering this system.

The U. of Kansas is giving correspondence courses to the men in the different training camps. In this way many university men are keeping up their work.

The University of Pittsburg, by raising \$26,477 in the Y. M. C. A. campaign, subscribed one-sixth of the entire Pennsylvania student quota of \$74,000.

A plan to collect the war schemes and ideas of all the colleges and universities of the country is being promoted by Dean Temple and other officials of the University of Kansas. The scheme, if put into effect, will take the form of a War League of American Colleges. The purpose of the proposed organization is to syndicate the ideas, ideals and strength of academic America for the good of the colleges and for the good of the nation.—Daily Kansan.

Due to the decrease of receipts in tuition and fees, Cornell University faces a deficit of approximately \$100,000 in running expenses this year. The total normal registration has been cut one-third this season.—Vermont Clinic.

Harvard and Yale each lost 65 per cent of their enrollments and it has been estimated that 1,300 Yale students and 40 of the faculty have enlisted.—Vermont Clinic.

Wisconsin has taken steps to eliminate peanut politics. Students campaigning for votes will be called before the Student Council.

AN INGLORIOUS END

Much was said in the last issue of the Hatchet about the race between Vic Kebler and George Nordlinger to see who could raise the best mustache. All that can be said now, however, about that race is that it had an inglorious end. Both participants either because they were discouraged or because of the comments that were made to them or about them, appeared one morning with their struggling mustaches gone. It wasn't much of a race anyway, as the spectators could not tell with the naked eye who was winning, or whether either had any results to show. It has not yet been ascertained why the two principals shaved, but as they both are noted for paying considerable attention to the fair sex, there is little doubt in the minds of their friends as to the real cause.

SIGMA ALPHA EPSILON.

On Saturday, November 24, we initiated Leslie Adams, Geo. W. Young, Wm. F. Lane, John D. Cobb, Howard G. Keogh and Raymond B. Canfield. Following the ritual there was a banquet for the newly initiated members. Bro. N. W. Dowling of New York gave a brief history of the fraternity and an account of the work being carried on by the national organization. Bro. R. B. Meckley of the local chapter outlined the chapter history for the new men. Bros. Walter M. Brewer of California and Luther Walton Jones, who are attending the Marine Officers' School at Quantico, were present. Bro. R. B. Conlin of New York, who was at the R. O. T. C. at Fort Myer prior to receiving his commission, aided us in making the evening pleasant for the new members.

The Thanksgiving dance, held Wednesday before Thanksgiving, proved a great success, and now we are all looking forward to the party which is to be given Christmas night. A note from Bro. George Bell tells us that he is with the ground squad at the San Diego (Cal.) school of instruction.

PI BETA PHI.

Pi Beta Phi gave a tea dance at the Cairo the afternoon of Saturday, December 1.

Pi Phi are sorry to learn that Elizabeth Wilbur Parks is very ill. Elaine and Heloise Lazare spent Wednesday and Thursday at Annapolis, attending the hop on Wednesday night.

Pi Phi are glad to welcome "Bee" Tate back after her long vacation.

PHI SIGMA KAPPA.

Lambda Chapter of Phi Sigma Kappa held a very successful Thanksgiving dance at the Chapter House on November 28. Every one there spent a very enjoyable evening.

Bro. George Marks, ex-'17, has returned to Washington and is now staying at the Chapter House. Bro. Marks was brought down here for special work by the War Savings Board. Bro. M. B. Wisheart, '20, sported the chevrons of a first-class sergeant, Medical Corps, on his last visit to the house.

A Freshman's Grouch

Why do people say mean things?
Why is Washington so lonesome?
Why do we have to have punctuations?
Why do we have to study math?
Why are disagreeable things like spinach, good for you?
Why do we have to grow up?
Why weren't bannisters made to slide down?
Why do I have to have a pug nose?

Basket Ball Schedule George Washington University, 1917-18.
